## LC-80MP

### Most Versatile 8" System on the Market

The new LC-80MP offers an 8" LCD teleprompter that accepts a VGA signal directly from your computer or a composite video signal., and can even reverse the image from left to right from within. This means ANY prompting program will work. With this teleprompter we include EZPrompt XP software, 25' cable and mouse to control the software. As with all of our prompters, the adjustable height camera riser and glass beamsplitter mirror are also included. Weighs 12 pounds. Features our new 13"x11 1/2" trapezoid glass mirror. This system recommended for indoor use only.

**\$2,295.00**

### Features

- 8" SVGA color LCD monitor with composite inputs. Weighs only 12 pounds!
- Large 13"x12" True 60/40 Beamsplitter mirror in a wide angle Trapezoid shape for HD cameras. The tops in the industry!
- "Light-Tight" design will not allow light from rear of monitor. Luggage grade Cordura fabric lens-hood surround.
- The only adjustable height camera platform in the industry. Holds any camera at the correct position. Makes for super "EZ" set-up!
- No counterbalancing needed with the most adjustment range in the industry. Perfect balance every time!
- All aluminum components with durable Powder-coat finish. Extremely tough!
